

Dear CORCON 2023 Attendees, Sponsors and Exhibitors,

A Hearty Welcome to all the Corrosion professionals, scholars, and technical experts to this signature event of the year - 28th International Conference and Expo on Corrosion at Mumbai.

AMPP is making a silent but big contribution in corrosion awareness and education. We look forward to learning the latest theories on corrosion from top industrial, government and academic scientists on these topics and everything else that is presented. New products and technologies exhibited by companies will go a long way in curbing the costs of corrosion. We are indeed in a time of great innovation in corrosion science, so enjoy the multiple papers, technical interactive forums and the exhibition of the latest products and services.

The program has already shaped up to be excellent, and the networking opportunities will be indeed outstanding. We at AMPP India always strive towards excellence by showcasing the latest developments in the field of corrosion science through CORCON.

I add my best wishes for a successful and fruitful conference and my thanks to all the sponsors, exhibitors, speakers and academicians.

We are looking forward to an excellent interaction with great minds from different cities and countries around the world.

With Best Regards शुभकामनाएं

Dipen Jhaveri दीपेन झवेरी
