

CORCON

The world is rapidly moving towards developing sustainable infrastructure with the focus on corrosion-free materials for effective optimizing corrosion controls and reduction in lifecycle costs. Corrosion-control and mitigation at the initial design and construction stage of assets is more rewarding in the long run in terms of increased safety, performance, asset life, environment protection and operational cost-effectiveness. Overall the global cost of corrosion is estimated to be in trillions. In India corrosion is believed to impact approx. 4 per cent of the country's GDP and the ever-growing environmental threat calls for urgent and appropriate measures.

CORCON, the annual conference and expo on corrosion science and engineering held in India, is the largest event of its kind in Asia, attracting participation from academic and research institutions, public and private sector organizations including defense establishments and professionals. This event offers an excellent platform for exchange of information on matters concerning corrosion, learning about existing and upcoming products and technologies and networking. As the world faces more and more challenges with ageing infrastructure, it is imperative for advocates of corrosion mitigation to unite and address the problem. Each year over 900 industry leaders from around the world come together at CORCON, in an effort to tackle corrosion issues, and inform participants of the latest solutions and methods.

WHY TO ATTEND

India continues to be the world's fastest growing major economy, with 7.3 per cent growth rate in 2018-19 and 7.6 per cent in 2019-20 as quoted by the Asian Development Bank (ADB). ADB also said the growth in India will be driven by increased public spending, higher capacity utilisation rate and uptick in private investment.

CORCON 2019 Conference & Expo is an ideal opportunity for the exhibitors to display their equipment's, technologies and services in the Asia's largest event for the prevention and mitigation of corrosion.

Major Factors to attend the conference:-

- Talks by eminent speakers from distinguished scientists and top professionals around the world
- Source and purchase the latest product, technology and services (75+ Exhibitors)
- Increase your productivity to see new ideas and innovations (33 Technical Sessions)
- Networking opportunities: meet the people who lead the industry (900+ Delegates)

Why exhibit at CORCON 2019

- CORCON attracts over 900 industry leaders and decision makers from various industry in corrosion mitigation from around the world
- CORCON facilitates valuable opportunities to discover the latest resources for its attendees on corrosion issues and challenges
- Exhibitors at CORCON are able to communicate directly to their key demographic and familiarize them with the newest advancements in corrosion mitigation products and services
